Price From: \$87.00

Short Description

A concentrated Seaweed solution of marine Algae with dramatic effects, revitalising the appearance of the skin while helping prevent the signs of ageing, fine lines, etc

Description

ALGAE MACERATION

(Macération d'Algues)

all skin types

All the benefits of the sea: all the properties of Algologie in 1 concentrated solution

APPEARANCE AND PROPERTIES

A thick brown liquid with an oily feel although it contains no oil. Natural algae fragrance. This maceration is the fundamental treatment in achieving a skin that is healthy, balanced, hydrated and stimulated. Algae Maceration is composed of 100% natural Fucus Extract. Its fluid texture (glycolic extract) allows a high concentration of active marine ingredients and ensures rapid penetration and diffusion into our skin cells. The Algae Maceration may be used to enrich any salon treatment (face and body) and to nourish and remineralise a skin that needs revitalization. It is excellent as a massage oil, as a boost under or mixed into any mask and may be used under a cream at the end of the treatment. Algae Maceration is recommended for all types of skin and for both face and body. Its daily use on the face and body will:

- provide essential vitamins, minerals and proteins for a healthy skin

- firm
- restore a youthful looking glow
- slow down signs of ageing
- reduce appearance of facial lines and wrinkles
- stimulate cutaneous blood circulation

KEY INGREDIENTS

Fucus Extract: Rich in natural macro and micro-elements, minerals, amino acids and vitamins, with all the benefits listed above.

APPLICATION

Apply to the face and body before moisturisers or body milk.
