

## Deep Cleansing Gel 200ml

**Brand:** Algologie

**Price:** \$52.00

### Short Description

A clear fresh gel which will leave your skin thoroughly cleansed and refreshed

### Description

DEEP CLEANSING GEL Gel Nettoyant A gel, not a milk, with a fresh clean feel for all skin types except very dry

**APPEARANCE AND PROPERTIES** A cleanser with a difference. This transparent blue gel with a light citrus fragrance gently eliminates impurities, makeup and traces of pollution. The skin feels fresh and clean and oxygenated with a brighter complexion. This cleansing gel although ideal for young skin is gentle enough to use for those who prefer a gel to a milk cleanser and may have even more mature skin.

**KEY INGREDIENTS** Adjusted concentrations of the 3 ingredients creating the exclusive

natural Algo3 Complex: Chondrus Crispus: The seaweed extract providing proven rapid hydration. It also increases the water concentration in the epidermis. Gulf Stream Seawater: Pure and fresh with lots of natural vitamins and minerals to nourish and remineralise the skin. Alaria Esculenta: Another seaweed extract with anti-oxidant properties to protect against free radicals. Sea Salt: Rich in vitamins and minerals from the sea. Deep Cleansing Gel: Eliminates impurities, traces of makeup and pollution. Respects the ecology of the skin. Glycerin: Humectant leaves the skin soft and smooth.

**APPLICATION** Apply a small amount of the Deep Cleansing Gel to a moist skin, massage gently, rinse with warm water and apply lotion. May also be used with a facial brush.

Our advice ~ a great cleanser for men and younger skins. Nice to shave with too!
