Description

NATURAL FACIAL SKIN OIL

for dry skin

30ml dropper bottle

APPEARANCE AND PROPERTIES

A light orange oil which is a natural blend of four cold pressed oils. This blend of essential fatty acids has been chosen to build health in the intracellular spaces and cell membranes. With continuous use sun damaged, dry and dehydrated skin will be able to cope with aggressions of climate and the ability to hold moisture balance.

KEY INGREDIENTS

Apricot Oil: softening and nourishing

Macadamia Oil: lightweight and nourishing

Carrot Oil: rich in Vitamin A, anti oxidant and of unsurpassed value to the skin

Joboba Oil: hydrating and lubricating, one of the most nourishing oils found in nature

APPLICATION

Apply a few drops to a thoroughly cleansed face and neck.

Our advice ~ use on very dry cuticles.

Can be applied to crows feet.

Add 5 drops to the massage medium in the facial treatment.

Excellent to treat a skin suffering from allergies as this is hypoallergenic.

A much needed oil for skin undergoing Fruit Acid or Stone Resurfacing to support the Natural Moisturising Factor (NMF) in the epidermis.
