Gentle, non stimulating mask

Description

COMFORT MASK (Masque Confort)

APPEARANCE AND PROPERTIES

A pastel green soft cream mask. The "Comfort" Mask has been formulated to be used on the specific problems of sensitive skin: sensitivity, couperose, irritation and redness. It is perfectly tolerated thanks to a very select choice of anti-inflammatory active ingredients. This mask is a privileged moment of tranquility in sensitive skin treatment. It very gently clears the skin of its impurities and toxins thanks to the Kaolin. It soothes and calms sensitive skin with couperose, irritations and redness. This mask is enriched with a cocktail of softening and anti-couperose plant extracts. It leaves an incredible feeling of comfort and relaxation, a fresh complexion is restored and the skin feels soft and supple.

KEY INGREDIENTS

Laminaria ochroleuca extract: see "Sensitive Skin Introduction"

Adjusted concentrations of the 3 ingredients creating the exclusive natural Algo3

Complex: Chondrus Crispus: Gulf Stream Seawater: Alaria Esculenta:

Kaolin: Very soft white clay perfectly tolerated by the skin, its high absorption power clears the skin of its impurities.

Titanium Dioxide: Mops up oil secretions.

Corn oil: modified by a natural process. It reduces or suppresses reactions caused by aggressions. It helps improve the cutaneous tolerance.

Shea Butter: Nourishing and softening.

Couperose Complex: A combination of Horse Chestnut, Red Vine, Gingko Biloba and Melilot making it perfectly suitable for sensitive skin or skin with redness, couperose, etc. It considerably improves the comfort level of sensitive skin.

Chamomile & Calendula Extract: Their soothing properties make these important actives for gentle cosmetic products.

Retinyl Palmitate (Vitamin A): Protects against the signs of ageing.

APPLICATION

Apply on the face in a thick layer, preferably after the Caress Peeling. Leave to act for 10 to 20

minutes, then rinse with warm water, dry by gently blotting. Apply weekly.
