

Double Radiance Peels 50ml

Brand: Algologie

Price: \$59.00

Description

LIFT & LUMIERE DOUBLE RADIANCE PEEL

A new, différent and unique peel

APPEARANCE AND PROPERTIES

An irresistible unique melty jelly without grains which provides the most comfortable, pleasurable and effective peeling possible.

The jelly turns into an oil while being massaged on the face. Then with water into a milky emulsion. Particularly recommended after age 40.

STAR INGREDIENTS

Pineapple and Papaya enzymes: Natural papain and bromelain enzymes gently and without aggression dissolves away unattractive dead cells on the top layer of skin revealing underneath a fresh, lovely, younger looking appearance instantly with a very noticeable radiance.

Lactic and Malic Fruit Acids (AHA's) : Enhance the action of the above enzymes providing even faster results than with the enzymes alone.

Salicylic Acid (BHA) : Decongests skin by dissolving away blocked sebum in the follicles.

Chondrus Crispus : A seaweed extract which remineralises skin by providing the richness and goodness of the sea.

Sweet Almond & Grape Seed Oil : Nourishes skin while preventing dryness and friction from the exfoliation.

MICA : Silicate minerals which are very finely ground and used to create a glow in the skin. Now particularly popular in cosmetics.

APPLICATION

Apply a thin layer on a thoroughly cleansed and dry skin. Avoid the immediate eye contour area. Leave for about 2 minutes before starting to massage the gel which will become an oil.

Continue for about 10 minutes as it is ideal for a comfortable massage while performing its exfoliation. Then add a little water. It will emulsify the oil creating a silky milk.

Finally remove with water or a cotton pad.

CAUTION: Frequently a little tingling, like pins and needles, can be felt. Users tend to enjoy this as it appears as if the product is highly active ... as it is. But if skin is extremely sensitive test first on a small area.

FREQUENCY: twice to three times weekly or before that very special occasion when you wish to look your best and most radiant.
