Description

LIFT & LUMIERE FIRMING ANTI-DARK SPOT SERUM

The start of dynamic regeneration and to lighten uneven pigmentation

APPEARANCE AND PROPERTIES

A pale pink textured gel for a feeling of freshness and lightness on application. Targeted for unprecedented effective results with Lift & Lumiere's Radiance Cream or just by itself. Powerful and highly concentrated in micro algae active ingredients with a powerful melanin inhibitor for a lightening effect particularly on unattractive dark spots.

STAR INGREDIENTS

Phytoplankton Diatom: Rich in fatty acids which activate the renewal of oxidised protein after extensive UV exposure.

Fresh Phytoplankton Micro Algae : Stimulates the synthesis of the most important humectant in our bodies ... Hyaluronic Acid (+66%). Plumps and reduces the appearance of lines and wrinkles (-20% in 1 month).

Alaria Esculenta: Marine plant. Rich in Omega 3, 6 and 9 for cellular energy and firmness. Increases Hyaluronic Acid, Collagen and Elastin synthesis revealing a more radiant skin.

Gulf Stream Seawater: Fresh and icy cold for complete remineralising and better hydration and oxygenation.

Hexyl Résorcinol (Rice Extract): A medically proven lightening effect on skin and particularly individual unattractive dark spots. Laboratory research reveals that it is

equally as effective in lightening skin as 2% Hydroquinone which is recognised as one of the best skin lighteners available anywhere. But remember ... Hexyl Resorcinol is safe ... Hydroquinone has been banned because it is not safe.

Christe Marine The seaweeds native polyactive cells. A pure concentrate of life itself. Each cell contains all its DNA, proteins, peptides and enzymes. Their mission? To secrete ALL their active ingredients for the life of ALL our cells including skin cells and consequently to help our skin to activate fully its biological processes such as ... promoting skin repair and reviving the natural hydration process and reactivating epidermal renewal, freshening up tired looking skin and most importantly keeping skin healthy.

APPLICATION

Apply morning and night on face and neck. Can be used alone but if a moisturiser is preferred afterwards then for the very best results and for a continuous double action consider Lift & Lumiere Firming Radiance Cream.
